# About US

## Our Mission and Vision

Riverview Health Foundation creates meaningful charitable opportunities in support of Riverview Health to advance the community's health and quality of life now and in the future. Our philanthropic partners invest in the lives of our patients and our community.

## Foundation Dollars Support Riverview Health

Riverview Health Foundation provides funding for new health services, programs and equipment needed by our community. Since the Foundation's beginning in 1976, more than \$18 million has been raised and given to support new equipment and programs serving our patients and their families. Our most recent project was The Mindrebo Family Acute Inpatient Rehabilitation unit in Noblesville (right).

**May 16, 2025**
